Attachments: [Ramboll Environ Sampling Report - MCC East \(9-28-17\).pdf](#)

This report should replace the three separate files for 200 N. Richey Street.

This report from the PRPs combines the three existing files and has a map of sample locations with a summary table.

Subject: USOR - MCC Stormwater Sample Report

Hi Raji –

Please find attached the complete report (including sampling description, data table, validation

report and lab reports) for the samples collected from the Chlorine Contact Tank and Lift Station No. 1 at the MCC East property after Hurricane Harvey. I thought this report might be helpful to you (and potentially useful to post) since it includes all the information for these samples and puts the sample data in context in the summary table.

Please let me know if you have any questions or comments.

Thanks.
